Dermatology Team

Our board-certified dermatology team delivers expert cosmetic and surgical care. Drs. Chris Gasbarre and P. Kim Phillips trained at the renowned Cleveland Clinic and Mayo Clinic respectively, and are skilled in the most advanced dermatologic procedures available. Dr. Blake Alexander is a specialist with a primary care feel, having completed both family practice and dermatology residencies. Together with their team, they educate patients on how best to prevent skin disorders, and diagnose and treat existing issues.

Christopher Gasbarre, DO
Dr. Gasbarre joined Regional Health from Cleveland Clinic and serves Spearfish and the Northern Hills. He is fellowship-trained in Mohs micrographic surgery and is passionate about skin cancer prevention, detection, and treatment, in addition to his cosmetic and procedural services. Dr. Gasbarre also serves as Regional Health’s Medical Director in Spearfish.
Physician Assistant: Greg Larson, PA-C

P. Kim Phillips, MD
Dr. Phillips is a Mayo Clinic-trained dermatologist. She focuses on procedural care and is skilled in dermatologic surgery, including minor excisional surgery, reconstruction after skin cancer surgery, and excision of melanoma. Dr. Phillips is also fellowship-trained in Mohs micrographic surgery.
Physician Assistant: Tandis Hoffman, PA-C

Blake Alexander, MD
Dr. Blake Alexander is a skilled, board-certified medical and surgical dermatologist. He is an expert at treating common dermatologic complaints such as acne, eczema and psoriasis, and he derives particular enjoyment from diagnosing and treating patients with less common dermatologic conditions. Dr. Alexander has devoted much of his career to the identification and treatment of skin cancer and pre-malignant conditions.

Procedures & Treatments
